will depend on two
things — 1. Security of project
2. Co-ordination of project.

As fr 1 — Due to SSU status
and known insecurity of outfit
doubt it should receive the
info — Might jeopardize whole
source for some time to come.

As fr 2 — Am sure MIS has
idea of using this source
and dont doubt others do too —
Duplicate attempts only serve to
make people wonder why Govt
intell agencies can't get
together —

Rec that possible solution
of this thing is to defer
basic paper for time being —
Prepare planning Dir
requiring solution as to
how this common source
should be handled to
meet needs of various agencies
and at same time maintain
adequate security for operation
This should have rela-
tively high priority. Who
